## 1 What is BSN Microplus-i (Fixed Rate | Unsecured)?

**BSN Microplus-i** is an unsecured micro financing facility offered to micro and small enterprises. This product is offered on a fixed rate basis, where the profit is calculated using the monthly rest method. It is determined based on the outstanding principal balance at the end of each month.

The applicable Shariah concept is Tawarruq (Commodity Murabahah) which consists of two sale and purchase contracts. First, the customer will purchase a commodity from BSN at a price that includes the financing amount plus profit (Murabahah), with payment made in instalments. Subsequently, the customer will sell the same commodity to a third party on a cash and spot basis to obtain the required financing amount. Both the buying and selling transactions are delegated to BSN, which will act as the customer's agent for these transactions.
