1 What is BSN MyRinggit-i Financing?

BSN MyRinggit-i is an unsecured personal financing facility offered to individual customers. This product is offered on a variable rate basis, where the profit is calculated using the monthly rest method. It is determined based on the outstanding principal balance at the end of each month. Monthly instalments will vary if the Standard Base Rate (SBR) changes.

The applicable Shariah concept is Tawarruq (Commodity Murabahah) which consists of two sale and purchase contracts. First, the customer will purchase a commodity from BSN at a price that includes the financing amount plus profit (Murabahah), with payment made in instalments. Subsequently, the customer will sell the same commodity to a third party on a cash and spot basis to obtain the required financing amount. Both the buying and selling transactions are delegated to BSN, which will act as the customer's agent for these transactions.
