BSNMalaysia

A young man with dark hair, wearing a dark blue textured sweater over a light pink collared shirt and light-colored trousers, stands by a large window. He is looking out the window with a thoughtful expression while holding a smartphone in both hands. The window has dark frames and shows a blurred outdoor scene. A teal text box is overlaid on the right side of the image.

**Take opportunities when
you're young so that you
can tell stories when
you're old**

When you are well prepared, nothing can stop you from living your life to the fullest.

But, are you aware of the reality?

A single Malaysian needs RM2,500¹ per month to cover their own expenditure but this is not including takaful plan.

One in four Malaysians is likely to develop cancer by the age of 75².

If you are diagnosed with a critical illness, can you afford the treatments? Do you have enough savings?

A family with two kids needs RM6,620 per month to support the whole household expenses that does not cater for an emergency fund when the unfortunate happens to the breadwinner³.

57% of the 411 Malaysian parents surveyed took up loans to fund their children's university education, even with savings in hand⁴.

If you suffer from Total and Permanent Disability (TPD) and are unable to earn an income, who will support your family?

For more details of this plan and its optional benefits, please refer to the Product Illustration, Product Disclosure Sheet, Fund Fact Sheet, the consumer education booklet on Family Takaful, Investment-Linked Takaful, and Medical and Health Takaful Plan before participating in the plan and to refer to the terms and conditions in the certificate document for details of the important features of the plan.
2. This brochure is published for information only and does not have regard to the specific financial objectives, situation and needs of any specific person.
3. In this brochure, any age reference shall be on the basis of Age Next Birthday, unless otherwise stated.
4. **BSN Fitrah** is premised on a mutual assistance (*Ta'awun*) arrangement where a portion of your contribution is deducted and pooled into the *Tabarru'* Fund together with the contribution of other participants to provide for mutual financial benefits payable to all the eligible takaful participants. Based on the *Wakalah bi al-ujrah* principles, PruBSN will manage your takaful plan in return for the *Wakalah* charges stated above.
5. In addition, the *Mudarabah* concept is applied which allows any investment profit arising from the ISA to be shared between PruBSN and yourself. You will receive 80% of the investment profit, while PruBSN will receive the balance.
6. The returns from your ISA and IUA (if applicable), if any, will be based on the actual performance of the funds and it is not guaranteed. The benefits may be less than your total contributions paid.
7. You are entitled to receive any distributable surplus from the *Tabarru'* Fund inclusive of investment profit (if any). Together with other participants, you are entitled to 50% of the surplus and PruBSN will receive the balance of 50% as performance fee for managing the *Tabarru'* Fund. Your portion of the distributable surplus will be placed back into your ISA. The exact amount of distributable surplus will be determined annually and is subject to approval by both the Shariah Committee and the Board of Directors of PruBSN.
8. **BSN Fitrah** is a takaful product that is tied to the performance of the underlying assets, and it is not a pure investment product such as unit trusts.
9. **BSN Fitrah** does not provide any benefit amount from the *Tabarru'* Fund on lapsation, termination, expiry or maturity of the certificate.
10. Contributor benefits will assist in the payment of total contribution upon death, TPD or critical illness of yourself or your family members, where applicable, during the contribution payment term of the certificate and the amount of benefit is as set out in the takaful certificate document. In the event of contribution or charges revision affecting total contribution in the future, you are expected to pay additional top-up contribution(s) to ensure the ISA and IUA values are sustainable throughout the certificate term.

11. If you cancel the certificate in the early years, you may not be able to obtain the full value from the amount you have paid to PruBSN. When you surrender the certificate, all benefits in the certificate will be terminated.
12. If you cease or miss paying contribution, your coverage might lapse prematurely. Your certificate will lapse if the amount in ISA and/or IUA is not enough to pay for the *Tabarru`* deduction and other charges.
13. The contribution and *Tabarru`* rates and other charges are not guaranteed. PruBSN may revise the contribution, *Tabarru`* rates and/or other charge, by giving a written notice of 90 days and 30 days for medical and critical illness benefits respectively to the certificate owners. If there is increment to the *Tabarru`* rates, you may need to pay an additional contribution or topups. Contributions for this plan are payable throughout the entire term of this certificate.
14. For **BSN Fitrah**, you may claim relevant insurance tax relief subject to the terms and conditions of the Inland Revenue Board of Malaysia.
15. You may cancel this plan by submitting a written request to us within fifteen (15) days from the delivery date of the certificate documents, in the case we shall refund the unallocated contribution, any *Tabarru`* deduction and service charge that have been deducted from contributions received from you plus the remaining value of units in your account less any medical fees incurred by PruBSN in assessing the risk under the certificate.
