6. What are the risks involved? Apakah risiko utama yang terlibat?

- **Market risk / Risiko pasaran**

Various factors may affect the gold value of BSN Junior MyGold Account-i, including market conditions, investors' sentiment and confidence, profit rates, currency exchange rates, rates of inflation, business and economic, politics, financial, social, environmental and other local and global events. / Pelbagai faktor boleh memberi kesan kepada nilai emas BSN Junior MyGold Account-i, termasuk keadaan pasaran, sentimen dan keyakinan pelabur, kadar keuntungan, kadar pertukaran mata wang, kadar inflasi, perniagaan dan ekonomi, politik, kewangan, sosial, alam sekitar dan lain-lain keadaan tempatan dan global.

- **Pricing risk / Risiko harga**

The price of BSN Junior MyGold Account-i is depending on the gold market movement. Such reference values may be volatile and may result in price, level or value moving adversely to your interests or negatively affecting the return of your investment in BSN Gold Account-i. / Harga emas BSN Junior MyGold Account-i bergantung kepada pasaran emas semasa. Nilai rujukan tersebut mungkin berubah dan menjelaskan harga, tahap atau nilai dan pulangan pelaburan anda dalam BSN Junior MyGold Account-i

- **Return or investment risk / Risiko pulangan atau pelaburan**

You are exposed to changes in reference values between the time of gold purchase and the time of sale. Past performance is not an indicative of future returns. The return of gold would be from the appreciation of your initial purchase and subject to volatility of the world and local gold market conditions. However, the return is not guaranteed while the risk of potential loss is high and substantial if and when the gold price is retreated. / Anda terdedah kepada perubahan nilai rujukan di antara waktu anda membeli emas dan waktu penjualan. Prestasi masa lalu bukan penentu pulangan masa hadapan. Pulangan emas adalah dari kenaikan harga atas pembelian awal dan bergantung kepada keadaan pasaran emas dunia dan tempatan. Bagaimanapun, pulangan tidak dijamin sementara risiko potensi kerugian adalah tinggi dan besar jika dan ketika harga emas jatuh.
